A **BELDEN** BRAND

The Diamond® Difference™

Does Your Hardware Pass the Test of Time?

The unique, proprietary approach that we have to mechanical galvanizing, and the standards that we insist on for our raw materials, ensure that Diamond parts can withstand corrosive environments for decades, a factor that is important today since replacement costs are so high.

Diamond® Products Stand the Test of Time.

Application

Fastened with ordinary pliers, the "S" shaped clip is used to secure the loop in the drop cable at the point of the drop wire clamp or porcelain knob attachment.

Specifications

• Made of Soft Aluminum for easy forming.

• Corrugated to provide a positive grip on the drop wire.

• Clips are free of burrs and sharp edges.

23-80366

Part Numbers	Max Cable Size	Carton QTY	Weight per 100 PCS	Min Order QTY	Order Multiples
23-80261	.225" x .375"	25	0.6 LBS.	?	?
