

Drop Hardware

Screw and Snap Clips 24-88013, 24-88014, 24-88016, 24-88017, 24-88027

The Diamond® Difference™

Does Your Hardware Pass the Test of Time?

The unique, proprietary approach that we have to mechanical galvanizing, and the standards that we insist on for our raw materials, ensure that Diamond parts can withstand corrosive environments for decades, a factor that is important today since replacement costs are so high.

Diamond® Products Stand the Test of Time.

Application

Screw and Snap Clips secure coaxial drop wire to subscriber's premises. Convenient strips of nine clips snap off after installation. For MDU applications, 2 or 3 clips may be ganged together.

Specifications

- Strips of nine clips reduce installation time and handling.
- Phillips 1/4" hex washer head screws can be installed with power drill or hand tool.
- Specially hardened screws treated for extended rust protection. Will withstand 500 hours salt spray results.
- Can be installed in wood and masonry. Porous masonry may require Diamond Plastic Screw Anchor 12-08210.
- For concrete or brick drill pilot hole (0.138" dia. carbide drill) screw flush with power drill socket.
- Plastic plugs secure screws to strip and prevent torquing.
- Clips are scored to facilitate snap off.
- Cable size stamped on clips.
- Cable size stamped on clips. Strips eliminate fumbling for individual clips and screws.
- Clips made from high quality aluminum.
- Clips are formed to fit Series 6, Quad, 11 and Series 59 cables. Also 12-14 AWG ground wire.

24-88014

UCC596

Installation

Position end clip on coaxial cable while holding clip next to end clip.

Drive screw flush with surface.

Snap off end clip with "UP and DOWN" motion. Do not tear off.

Part Numbers	Cable Size	Screw Size	Box QTY	Carton QTY	Weight per 100 PCS
UCC596	RG-6	No. 8x3/4"	15 Strips	300 Strips	5.0 LBS.
24-88014	RG-59	No. 8x3/4"	15 Strips	300 Strips	4.9 LBS.
