

Drop Ancillary

PST75WS - 75Ω Locking Aquatight® Terminator

Poor electrical terminations caused by moisture migration wreak havoc on system performance. Common faulty 75 Ohm terminations caused by moisture result in service calls. AquaTight® PST terminators guarantee the use of the proper port seal every time, keeping the moisture out, improving network performance and reducing costly service calls.

Specifications	
Return Loss	-30 dB to 3 GHz minimum
Shielding Effectiveness	-120 dB minimum
Corrosion Resistance	meets SCTE and Belcore per ATSM B117 (1000 hour salt fog)
Moisture Migration	Meets SCTE IPS-TP-013 (Red-dye moisture migration test)
<i>Meets or Exceeds all SCTE Specifications</i>
