

THERMALPRO[®] ALL IN ONE CABINET SOLUTIONS

BEAUTY IN VERSATILITY

The ThermalPro All-In-One Cabinet offers a versatile street cabinet solution through configurability, compact size, and clean aesthetics. It accommodates up to (6) node or OLT housings, fiber distribution, and power, and is available in three sizes. The All-In-One cabinet reduces footprint, on-site labor, and OPEX by combining multiple enclosures into one.

FEATURES:

- Reduces number of individual enclosures on site
- Small footprint
- Solar shield and thermostat controlled cooling for superior heat dissipation
- FDC, Power Cabinet, and OLT / Node Housings all in one enclosure
