Overview

PPC's double section wall mount cabinet is suitable for applications where security and accessibility are required, and floor space is at a premium.

The double section wall mount cabinet features a rear swing out (100 mm) that mounts onto the wall. This feature allows easy back entry to the equipment that is mounted inside the cabinet. The cabinet has a lockable glass door, adjustable front profiles and cable entry measuring 60 mm in diameter located at the top and bottom. The front door and the swing out is sealed with a gasket to provide IP54 protection.

The cabinet is designed to hold multiple pieces of voice/data equipment comfortably. PPC's double section wall-mounted electronic enclosures are designed to hold 19" rack mounted equipment.
