- Adjustable mounting rails in the front for 19"
- 3U mounting plate for active equipments
- Top and bottom cable entry facility for easy cable installation
- Front door with tempered glass and lock and also available in metal door
- Good ventilation and heat dispersion

Overview

PPC's recessed cabinet is the administration and distribution point for voice, fax, data networking, video entertainment, internet access and all other voice/data/video home solutions.

This versatile cabinet is made to mount flush to a wall and is designed to hold FTTx equipment comfortably. PPC's recessed cabinet holds 19" rack mounted equipment and features a lockable glass or metal door, adjustable front profiles, and entry cable ports at the top and bottom.

The recessed cabinet is designed with a removable front door along with a removable outer frame. The front door can be removed to change the door opening orientation from left to right, or right to left. The removable outer frame facilitates easy installation of the cabinet when it's flush mounted into the wall.

Applications

- Telecommunication Enclosure
- LAN & WAN Networking
- SOHO
- FTTH

Standards

- IEC 60297-3
- EIA-310-E
- DIN 41494-1, 7
- IEC 60529 (IP 20)
