

Cabinet

Single Section, N-Series

Features & Benefits

- Constructed with welded structure for strength
- Adjustable mounting rails in the front and rear
- Top and bottom cable entry facility with 25mm Ø cutout, brush plate or, blank plate
- Front section with glass door and lock
- Good ventilation and heat dispersion

Overview

PPC's Wall Mount Single Section N-Series Cabinet is suitable for applications where security and accessibility are required, and floor space is at a premium. The cabinet is constructed from a welded structure and is available in an assembled format. Ventilation is provided to allow active equipment to be installed, making it an ideal solution for small LANs, retail units and remote sites.

PPC's N-Series cabinet is designed to hold standard 19" rack mounted equipment and patch panels. The cabinet features a lockable glass door, adjustable front profiles and removable entry plates at the top and bottom.

Applications

- LAN & WAN Networking
- Telecommunications
- Network Wiring Closets
- Audio / Video System
- Security System

Standards

- IEC 60297-3
- EIA-310-E
- DIN 41494-1, 7
- IEC 60529 (IP 20)
