Cable Manager
12” Ring

Features & Benefits

- Secures and retains patch cables
- Maintains proper bend radius
- Cable transition from horizontal to vertical channels
- Custom design for 12-inch mounting for SOHO cabinets
- Modern design and simplicity of mounting

Overview

PPC's 12” 1U ring cable manager is constructed using steel and finished in powder coated black, with 50 mm deep steel rings. The ring guides allow patch cords to exit at any point and provide a pleasing look to the cabinet.

The cable manager is designed for use in 12” rack environments for managing patch cords that are connected between patch panels and the network switch. It's recommended that one cable manager is mounted between every patch panel or network switch.

PPC's cable manager delivers excellent support when used in conjunction with other PPC 12” products.

Applications

- Standard 12” rack compatible
- Used between patch panel and network switch in racks and cabinets

Standards

- IEC 60297-3
- EIA-310-E
- DIN 41494-1, 7
