Overview

Rack mount panels are built using lightweight aircraft grade aluminum and finished in a light textured black powder coat finish. These panels are compatible with standard 19" and 23" equipment racks. They are designed to accept adapter panels and splice trays. Faceplates incorporate contrasting color identification labeling. All of the panels include fiber management features for slack management of incoming cables and patch cords.

- 1RU panels accommodate 3 adapter plates (up to 72 fibers)
- 2RU panels accommodate 6 adapter plates (up to 144 fibers)
- 3RU panels accommodate 9 adapter plates (up to 216 fibers)
