Surface Mount Box

Features & Benefits

- Compact and easy to install
- Wall-mount it with screws or attach it to a metal desk or file cabinet
- Suitable for Wi-Fi and Security Camera applications
- Snap-on cover with label holder
- Integrated with or without dust shutter
- UL94V-0 fire retardant plastic
- ANSI/TIA-606 compliant
- Suitable with any standard keystone jacks

Overview

PPC's surface mount box is compatible with standard UTP / FTP keystone jacks and optical fiber connectors. The surface mount box is available in various configuration types from one to six ports, and offers shuttered or unshuttered doors, and back tape or a magnet for mounting. PPC's surface mount box provides various solutions for your different applications such as Wi-Fi, security camera and office cubicles.

Applications

- Surface mounting for keystone snap-in modules
- Use to support voice/data/fiber applications in open office or other surface mount environments
- Use where surface mounting is required

Standards

- ANSI/TIA-568.2-D
- ISO/IEC 11801-1:2017, ISO/IEC 11801-2:2017
- CENELEC - EN 50173-1:2018
