

Quad RFoG ONU Cabinet

Features & Benefits

- Holds up to four ONUs in a secure enclosure
- ONU mounting brackets enhance passive cooling
- Optimized port clearance and access
- Four duplex outlets for powering ONUs
- Three 1 in. PVC conduit fittings with cable strain relief
- Internal and external grounding provisions
- Wall mount bracket
- Front door with wind-stay
- 1/4 turn cam lock with padlock hasp
- Sealed to protect equipment from environmental exposure
- Steel construction
- Durable powder coat paint finish

Overview

The Quad RFoG ONU Cabinet is designed to hold up to four ONUs in a secure outdoor enclosure. The cabinet includes four duplex outlets to provide power to each ONU. Offset mounting brackets for the ONUs enhance passive cooling by allowing air flow on all sides. The angle of the mounting brackets provides improved clearance and access to the ports of each ONU. Three one inch (1 in.) conduit fittings allow for separate routing of power, fiber and coax cables in-and-out of the cabinet.

Technical Data

Dimensions

Cabinet	Overall (with brackets and external hardware)
(H x W x D)	(H x W x D)
412.8 mm x 399.5 mm x 215.7 mm (16.25 in x 13.37 in x 8.49 in)	495.3 mm x 399.5 mm x 254.1 mm (19.5 in x 13.37 in x 10.0 in)
