

TurnOpt™ Series 1100 Fiber Hub

Fiber Optic Wall Mounted Enclosure

Features & Benefits

- Utilizes patented Rotating Frame Assembly technology
- Designed for small to mid-sized multi-dwelling units (MDUs) or multi-tenant units (MTUs)
- Ideal for distributed, mid-span or end-of-block architectures
- Fills gaps in many FTTX service deployments
- 72 or 96 subscribers with 12 or 24 input / express ports
- 7-splitter module capacity with parking for 64 splitter outputs
- Narrow design (W x H x D): 13.5 in x 27.5 in x 11.5 in (344 mm x 700 mm x 292 mm)
- Robust NEMA 4-rated enclosure: 33 lbs (15 kg)
- GR-3125/TPR-9417 certified and GR-326 certified connectors

Overview

The TurnOpt™ 1100 is a compact Fiber Distribution Hub designed for low-density FTTX deployments supporting up to 96 subscribers. The TurnOpt 1100 is housed in a small form-factor enclosure that is ideally suited for pole-mount installations and wall-mount applications where space is limited. PPC's patented Rotating Frame Assembly is housed inside the TurnOpt 1100 and provides 180° access to subscriber ports, express ports, splitter modules, splitter leads and cable management. PPC's high performance PLC splitter modules are enclosed in a chemically-resistant housing and are compliant with Telcordia GR-326, GR-1209 and GR-1221 standards. They easily snap into, and finger release from, splitter slots in PPC Fiber Distribution Hubs (no tools required).

Technical Data

Product Specifications

Specification	Value
Dimensions (H x W x D)	27.5 x 13.5 x 11.5 inches (700 x 344 x 292mm)
Material	Powder coated Aluminum (color = almond beige)
Door lock	216 style with draw latches and a padlock hole
Cable entry ports	RG16 and RG21 ports, 0.55 inch (14mm) max. diameter
Maximum number of splice trays	4
Splitter module capacity	7
Splitter lead storage capacity	64

Optical Data

Specification	Value
Fiber type	G.657.A1 single mode
Insertion loss	0.30 dB maximum single mode APC 0.20 dB maximum single mode UPC
Return loss	65.0 dB minimum single mode APC 55.0 dB minimum single mode UPC
