

Harmony 3U Pull-Out Swivel Cabinet

Features & Benefits

- Reduced footprint for limited space applications
- 3RU pull-out / swivel rack for front and rear access
- Fully customizable to tailor-fit your needs
- Non-proprietary equipment integration
- Engineered to meet NEMA 3R and IP 54 standards

Features

- Wall / pole mount bracket
- 3RU 19" EIA equipment rack
- Fiber splice tray brackets
- Cable management and strain relief
- Steel construction and stainless steel hardware
- Multiple cable knock-outs

Pull-Out / Swivel Rack

- Lockable in place while in recessed position
- Rack pulls outwards by 1" before pivoting
- Pivots to a 37 degree angle in either direction
- Allows for access to front and rear of equipment

Overview

The Harmony 3U Pull-Out / Swivel cabinet features a side facing equipment rack that can be pulled outward and pivot 37 degrees in either direction. The unique equipment rack provides full access to the front and back of equipment, within a cabinet that is only 8" deep. Options are available for power and cooling, as well as a full line of fiber and copper components. This versatile cabinet can be deployed in any type of network, and is ideally suited for limited space applications.

Optional Equipment

- DIN rail mounted rectifier system and DC distribution
- Battery string: 48VDC 9AH
- Filtered fan system
- Fiber cross connect and distribution panels
- Fiber optics splitters, jumpers, pigtails and splice trays
- Door alarm switch
- Copper protection panels
